

Cárta Cúig Programme

Just to let new parents know that the Cárta Cúig programme has been running successfully in Clonmoney N.S. for the past number of years. It is aimed at reducing costs for families whose children are invited to classmates birthday parties. It also reduces the pressure on parents to shop for gifts for multiple parties throughout the year.

In lieu of a present, a small monetary gift of not more than €5 is given. The birthday boy or girl can then spend their money on a single gift they would really like. Participating in the Cárta Cúig programme is voluntary but the Parent's Association would encourage all parents to take part to reduce unnecessary stress and costs for all.

For those who wish to participate:
On written/WhatsApp invitations write
'Cárta Cúig' at the end of your invite.

Joint birthday celebrations are also encouraged here at Clonmoney N.S. Parents often group together birthdays that are close together for joint celebrations with classmates. This reduces costs and the number of parties children attend throughout the year.
